### THE OLDEST MOST SUCCESSFUL LEGAL REFORM GROUP IN THE WORLD

needs your help , money ,time, ideas and energy. No one group can possibly fix the corrupt, incompetent legal system that exists in America. Whether you have been wronged or not, do something about it! Many call and ask what ALR can do for them. Although we try to help by education and motivation, we need you to ask what you can do to improve the system so your children do not have to endure what you have gone through. Start now if you have not done so, and please send your yearly donation today. \$10, \$20,\$50, \$100- every \$1 helps. Recently we expanded our board to nine energetic, dedicated members, including a retired judge.

Is it true: Judge Alpert wrongfully handed favorable decisions to political friends and fellow bar association members?

Is it true: Judge Blydenburg is back as family court judge because he begged and promised he would do a good job this time around?

Is it true: Federal Bankruptcy Attorneys are given peachy investments no one else is offered?????

Is it true: Lawyers hire Grievance Committee Board Members to evoke client attorney privilege?

Justice China style: They execute more people each year than the rest of the world put together. Their state fleet of mobile vans drive around as needed to execute people quickly. Now they use lethal injection. Their courts are efficient in passing sentences, defense lawyers are not allowed to see the accused before trial and appeals are denied. We go on believing they are "Westernized". (FRC Letter 1/2007)

In almost every country but the US, legal systems incorporate a "loserpays" principle. We had that system but it gradually died out in the 60's. We also had rules discouraging ill-conceived litigation and prohibiting lawyers from stirring up litigation for their own benefit. (Walter Olson Manhattan Inst.)
