### THE OLDEST MOST SUCCESSFUL LEGAL REFORM GROUP IN THE WORLD

Just because someone is a lawyer does not make them a good law-maker. In fact, most laws are written by lawyers who intentionally write conflicting, hard to understand laws that cause more litigation and dispute. For the first 100 years of this country, they were considered vermin. Take Senator Chucky Schumer... please!!!! He wrote the law which would allow people without money to buy homes which helped create the economic mess the world is in. Now he and his friends are writing more laws to punish the banks for selling these mortgages. There never was a law a lawyer didn't like.

When you go to court never go without court watchers. "Oh, I have my lawyer" you say. Well, they don't work for you. If they did, they wouldn't insist on being paid in advance. You may be lucky and hire a good lawyer, but chances of all the lawyers and judges in the room being honest and competent are slim.

A bad lawyer can let a case drag out for several years, a good lawyer can make it last even longer. The world is a dangerous place not because of those who do evil but because of those who look on and do nothing. "Albert Einstein"

Sheriff Joe Arpaio was just re-elected, they were spending \$18 mill a year on stray animals. The animal shelters are now all staffed and operated by prisoners that care for and feed the strays. The budget is now \$3 mill. (AZ)

Our legal system is the most corrupt profession in America. The average person gets ripped off by attorneys who abuse their power with an (illegal) monopoly that enriches them, while justice is unaffordable to the majority. Incompetent, negligent and unscrupulous lawyers are rarely held accountable. ALR needs your help and financial support to pursue our ambitious agenda: newsletters, public and private meetings, court watching, networking, education, expositions. We urge you to renew your commitment to the legal reform movement by sending your 2008 membership today. \$5-\$50+ would be great.
