.....
THE OLDEST MOST SUCCESSFUL LEGAL REFORM GROUP IN THE WORLD

Is an organization dedicated to justice for every American. We are dedicated to removing from power by legal means all those who would profane the vision of our founding fathers and in the pursuit of their own self interests, conspire to deny the rest of us our guaranteed constitutional rights to liberty and justice. It's no secret that our judicial system is but a shadow of what it should be. Unfortunately, many deny this until they become victims of a situation that has taken a devastating toll on hundreds of thousands of Americans.

"Lying, distortion, and other forms of intellectual dishonesty are endemic among judges... I have seen corruption, bias, laziness, means of spirit and plain, ordinary stupidity". (Alan Dershowitz, Harvard Law Prof.) The legal profession in New York State continues to operate with virtually no accountability. Only the most egregious and those too difficult to conceal will result in any disciplinary action. We the American people have been betrayed by the very people in whom the preservation of our ideals of liberty and justice was entrusted. The record speaks eloquently for itself. (See Senator John Sampson, Judiciary Committee Public Meetings June 8th and Sept. 24th, 2009.) Please don't misunderstand us; not all judges, lawyers and politicians are "bad".

Court Watchers Update: (Index # 27755103) what's wrong with Suffolk Supreme Matrimonial? Has it no decency, ethics or bipartisanship??? Judge McNulty(judge #3)and Referee Buetow(judge #4) countered family courts upward modification of \$1000/mth for the invalid child and imputed a 40 hr workweek to the pro se mother(Maria). While the father David, a lawyer, travels,(6 vacations), plays with his 2 motorcycles, a Corvette and entertains himself at the World Series with scalper tickets. The father's criminal lawyer appears more than 10 times, submits 1000's of motion pages while the mother tries to find the children a doctor covered under the father's cheaper insurance plan. Judge Bivona(judge #5) ignores NYS Court Rule 202.7 and pleas by the mother for financial and physical assistance.

" The father again claims ALR got him fired from his previous partnership (they sue nursing homes) and has damaged his responsibility for the \$14 million.." Judge Garguilio (judge #6) (Nov 20 2009 disposition). None of these four judges have thought to review the loan agreements to determine if

the father has committed financial perjury in this divorce. Lawyer David lives in a luxurious house and enjoys a pool, gardeners, landscapers, laundry service and house cleaners, while his ex-wife Maria searches for time and \$ to take care of the 3 handicapped children. This is not the first time Judge McNulty is behind such scandalous acts. (See Zagarino vs. Zagarino, index 018707-1997 and Galen vs. Galen, index 02595-01)

Compare the history of Glen Svabota, a blue collar worker who went to jail for 3 mths. because he couldn't pay \$3500 child support, and David Grossman a lawyer, who owes his handicapped children \$14000. Grossman has been judge shopping for nearly 2 years, 6 judges, 1000's of pages of motions, with 15 hearing dates, with no law guardians for the children, violating the Children's Disability Rights only because he is an officer of the court.

Suffolk Legislator Dwain Gregory, backed by Child Protective Services, has sponsored a law to authorize a county registry for domestic violence offenders. They are to be listed on computers with a \$25 annual fee, although more than 80% of the 1.5 million claims are unfounded. Nassau's DWI web page was found unconstitutional.

HALT'S Judicial Report Card is a scathing indictment of judicial ethics standards. Of the 51 states surveyed more than half received marks below "C". No state earned "A". HALT gave the system overseeing federal judges a "D".

A jury awarded \$178,000 in damages to a lawyer who sued her fiancé for breaking their 7 week engagement. (Citizens Against Lawsuit Abuse)

We're going to pass a health care bill written by a committee who doesn't understand it, a Congress that exempts themselves, a president who smokes, by a treasury chief who didn't pay his taxes, by an obese Surgeon General, by a country that is nearly broke and loved by lawyers, that starts in 4 years and doesn't cover 14 million people.

The 2nd Circuit Court of Appeals in NY reinstated a suit seeking money from power companies for global warming. (Who is responsible for global warming on Mars?)

A lawyer can steal more with a briefcase than 1000 men with guns and knives. ("The Godfather")

If all politicians are against deficits, inflation and high taxes, why do we have them? The average tax increase for 2010 will range between \$1716-\$3637. (The Heritage Foundation).

NYS Chief Judge Lippman gives 1300 judges \$5000 additional tax-free allowance.

The law firm of Forchell, Curto, Deegan, and Schwartzetal was founded by Alfonse D'Amato's brother. Some of their clients are Cablevision (Newsday), Northrop Grumman, Citibank, Credit Lyonnais, Amerada Hess, Goya Foods, Merrill Lynch, Washington Mutual Bank, The Marcas Org., Target, Sunrise Asst. Living, Dairy Barn, The Pep Boys, Checkers, Walgreen, Stop N Shop, etc. (lawrencegray2@aol.com)

Legal document preparers (paralegals) have operated legally in Arizona since 1985. (HALT 7/09)

Feeling sorry for yourself? Nick Vujicic's has no arms or legs but contends he's not disabled. He's given motivational lectures to more than 3 million people; he has 2 degrees and wants to change the world.

Counsel for Senate advised not to mail their ethics questionnaires back but rather "hand deliver them" to prevent federal mail fraud charges from kicking in. (Newsday 11/25/09)
