**THE OLDEST MOST SUCCESSFUL LEGAL REFORM GROUP IN THE WORLD**

Many ask are we doing a good job? Don't forget that it was over 50 years ago that Rosa Parks stood up to the establishment.

It's only a few years since ....

:Suffolk Bar Pres. A. Craig Purcell made a fool of himself when he attempted to put us out of business. He had to commit perjury by submitting two conflicting affidavits in court.

: Grace Moron, past Nassau Bar Pres., did several TV shows with Kash in which she showed the audience she was.....

: Anthony Longo Esq., Pres. of the Court Officers Union , tried to have us arrested for telling lawyer jokes. Now Google has 23,000 stories publicizing his stupidity.

: Syracuse lawyers Hoffman and Hubert sued us for \$2 million because we inferred they were crooks, and Judge Edward Carni had to commit jury tampering to protect them and his inept friend Judge Nicholson. Don't get us wrong, there are some honest judges and lawyers in this great country, but as long as you do nothing, they will continue to destroy our country.

History: John Quincy Adams believed that ordinary Americans weren't fit to govern themselves- that left to their own ignorance they would choose demagogues who told them what they wanted to hear. Andrew Jackson believed government was responsible to the people, and democracy made honest mistakes that were correctable, not selfish for the elite. (Smithsonian 9/05)
