THE OLDEST MOST SUCCESSFUL LEGAL REFORM GROUP IN THE WORLD

We regret the loss of our dear friend and sister in solidarity, Helen Alaimo (6/30/06), mother of Thomas who was suicide victim of the matrimonial court system (2/6/01). It is estimated that there is 1 suicide per month per county because of divorce. We are all familiar with the NY doctor who recently blew himself and his NYC building up because of a bitter divorce. The lawyers are the only winners. We will join our friends in our united advocacy against injustice in the Matrimonial arena on behalf of all litigants.

Please help us continue the cause in whatever way you can!!!!

Our members have reported the following to be incompetent, crooked or both:

Judge William Kent	Judge George Geilor	Judge Stanley Harwood
Judge Helen Sturm	Judge Gerald Garson	Judge Donald Blydenburg
Judge Joseph Farneti	Judge David Gross	Judge Marion McNulty

Does anyone have any information about the following lawyers?

We have observed political nepotism in the local divorce courts. This occurs when one party has an unfair advantage over the other side because of family ties to the judge. Often times there is not a level playing field and judges, or even worse, secretaries for the judges, make decisions based on favors for the politically connected side. If you know of any cases report them to us. We will keep your identity confidential. Now that Judge Patrick Leis knows, what will he do?
