THE OLDEST MOST SUCCESSFUL LEGAL REFORM GROUP IN THE WORLD

wonders why the same judges and lawyers names continue to come up when discussing problems with the judiciary? Back in May 1992, Newsday Front Page Headline “WHEN LAWYERS STEAL” Long Island, with the states highest theft rate, is especially vulnerable”. Newsday repeated the same lead story 15 years later “WORST OF THE WORST 1/29/07”. Crime stats across the country are down, yet the judiciary, which self-regulates its members can’t stop its own from abusing the public. Instead, good lawyers and judges continue to be powerless over bad lawyers and judges.

If a citizen discovers the justice system is comprised of corruption, partisanship, ineptness or stupidity and tries to change it, they get punished. Grievance committees and judicial commissions cover up the complaints. One just has to “Google” the three hearings by Senator John L. Sampson. A week doesn’t go by without a horrific story appearing before us. Obviously, one must conclude the judiciary can’t police its members. It’s time for change. The best protection against a crooked lawyer is not to hire the bum. If your adversary does let the world know.

The ten most corrupt politicians for 2009 by Judicial Watch.com 1. Sen. Chris Dodd(D); 2. Sen. John Ensign(R); 3. Rep. Barney Frank(D); 4. Sec. Tim Geitner(D); 5. Att. Gen. Erik Holder(D); 6. Rep. Jesse Jackson(D); 7. Pres. Barack Obama(D); 8. House Speaker Nancy Pelosi(D) 9. Rep. John Murtha(D); 10. Rep. Charles Rangel(D).

The following are lawyers: Barack Obama, Michele Obama, Hillary and Bill Clinton, John & Elizabeth Edwards, Al Gore (did not graduate), Harry Reid, Nancy Pelosi, etc. etc. etc. Today we are drowning in laws. It is not a question of electing a Democrat or a Republican. It’s the LAWYERS PARTY that runs this country. More lawyers with more power will not fix our problems. The U.S. has 5% of the world’s population and 66% of the world’s lawyers.

97% of political contributions of lawyers go to lawyers. Americans will someday learn that lawyers will only change laws for their own benefit and our cost. Three things are certain: death, taxes and lawyers?

Divorce Alternatives: Collaborative divorce: couples and their attorneys agree in advance not to litigate, mediation: a neutral third party negotiates an agreement between spouses. 44 states have mandatory mediation. Study finds cohabitating doesn't make marriage last longer (NY Times 3/3/10) National Center for Health Statistics.

The reason the 10 commandments are not posted in the courthouse is because so many Judges and lawyers steal, lie and commit adultery.

To ensure that the judiciary is honest and independent, judicial employees are required to make sure they aren't receiving money that could create a conflict of interest. All high level employees have to make these disclosures. Petition the record.

In a democracy, your vote counts. In feudalism, your count votes.

If a doctor does you wrong, you call a lawyer. If a lawyer does you wrong, who do you call, a doctor?

Albany seeks ways to line trial lawyers pockets by permitting more lawsuits based on auto accidents. Assembly Speaker Shelly Silver, Senate Leader John Sampson and Gov. Paterson's father, Basil Paterson, are partners of big law firms (NY Post 6/22/10).

Some may feel their experience with the courts is the most egregious. ALR believes Maria Composto-Longhi v. David Grossman Esq. wins the award (#27755/03). David Grossman Esq. and his criminal lawyer, James O'Rourke, have the education to navigate the legal system and use it to their distinct benefit, much to the detriment of his non-American born pro se ex-wife and their 2 physically disabled children and invalid daughter. Grossman and O'Rourke have misled the court to believe he was fired because of ALR. Yet the courts calendars refute his statements. Unopposed, family court Judge Richard Hoffman (F637708) found the needs of the children were not met and the assertions of Grossman Esq. were "without merit". Upon Grossman, Esq. and O'Rourke's emergency order to show cause, referee Jennifer Buetow and Judge M. McNulty ordered a retroactive downward modification Without Notice. They did not question Grossman's \$14 million line of credit, nor his lifestyle (7 vacations, 3 motorcycles, 2 boats, 3 cars, unlimited legal counsel and scalper tickets to World Series) while the children have been denied their basic needs, (wheel chair, diapers, heat and lifts, etc). The irony is that David Grossman Esq. and his firm, Kelly Grossman and Flanagan, make a more than ample living suing nursing homes for millions and have a Full Calendar, yet he denies his own disabled children's needs.
