THE OLDEST MOST SUCCESSFUL LEGAL GROUP IN THE WORLD begins its 21st year. It's not that we don't like lawyers. There are many fine lawyers, but as a profession they are the most corrupt group in the nation. We fail to realize how much of our lives they control. Many people falsely believe that you must be a lawyer to become a politician.

Lawyers control all branches of government (Executive, Legislative and Judicial), most states, cities and towns are run or controlled by lawyers. For example: Here in Huntington, Long Island, the Supervisor (for more than 20 years) Frank Petrone (not a lawyer), has more than 23 law firms on the payroll; an estimated 100 lawyers in all.

The Suffolk Supreme Courts (as all Courts), are controlled by lawyers. Seldom are they evaluated, tested, rated or disciplined. An exception recently occurred with the removal of Judge Marion McNulty. Instead of being exposed for her 20 years of incompetence and prejudices, the Court covered up by saying she is “retiring early.” (Newsday, Rick Brand, 6/27/13). No one can measure the irrefutable harm she has done to the children of the community. “There have been numerous allegations of her being disrespectful to attorneys and litigants, prejudicial and condescending in court, but most importantly, being biased in divorce proceedings and having a total lack of regard for children maintaining contact with both parents.” (Suffolk Legislative candidate Gary Jacobs, 5/18/13). Will her replacement continue the ineptness?

Suffolk Courts

1. In our opinion, any court that assists in the separation of children from either parent needs to be investigated. For example, there is Judge Caren Loguercio not an evil person like McNulty, just “naïve.” She believes the testimony of Chaz Cancellare, Esq. and Thomas Montiglio, Esq., which resulted in the separation of a 5 year-old child from his mother. The mother now has supervised visitation twice a year. Loguercio admits something is amiss when the child says to the mother, “The police are going to shoot you in the face.” But the judge can't figure out that absence of one parent does great harm to the child.
2. What's wrong with Referee Butow? She has a history of making a downward modification for an invalid child's support in favor of her cronyism with the legal profession. Where does she get her instructions? Recently, in the Debra Alexander Hearing (Index No. 020854/10), after a 6-day trial over 2 month period, she recuses herself with no explanation. Now Debra Alexander is left with thousands in legal bills, not seeing her son for two (2) years and must start over again with a new judge, (Judge Leo).
3. Judge Jerry Garguilo continues to cover up his incompetent decision to reduce retroactively child support for an invalid child in favor of his friend, David Grossman, Esq. and lawyer James J. O'Rourke (Index No. 2775503), by punishing an innocent court-watcher (Hayes v. Hayes, Index No. 2153/10).

The mayor of one of America's most gun-controlled city, Chicago's former White House Chief of Staff, Rahm Emanuel, Esq., wants more weapons ban in the murder capital in America (500 dead). (IBD 1/3/13).

Gary Jacobs (ALR Board of Directors) is running for Suffolk County Legislator. He calls for action by the leadership of Suffolk County Supreme Court and asks for help and your vote. (www.GaryJacobsForSuffolk.org)

“Too Many Lawyers, Too Few Jobs”. The recession has changed the profession, pay is down one-third from two years ago, while student debt remains \$100,000 to \$250,000. (w.w.w.cnn.com 3/21/13).

In 1887, Alexander Tyler wrote, “A Democracy will continue to exist up until the time that voters discover that they can vote themselves generous gifts from the Public Treasury. The majority votes for the candidates who promise the most, which is followed by Dictatorship.”

Disgraced Pennsylvania Judge Mark Ciavarelli was sentenced for 28 years and \$1.2 million in restitution for conspiring with private prisons to sentence offenders for bribes and kickbacks. (yikes@trannicidepress.com).

The longer some folks are politicians, the more taxpayer money they want to spend, says Senator David Vitter. (No Uncertain Terms, March 2013).

Supervisor Frank Petrone, 67, (Huntington), will seek a sixth term. (The Long Islander, 1/17/13). Currently, the Town has 20+ law firms on retainer.

“Trial By Video”, Judge Bushra Vahdat is captured on tape by a mole during a four-hour conversation during working hours about renting her house. Judge Vahdat, the highest-ranking traffic judge in Queens, earned \$98,000 in 2010. (N.Y. Post,3/10/13).

The Office of Child Protective Services receives from the Federal Government thousands of dollars for each child it allegedly protects.

Dr. Carlos Rivera, Pediatrician, in Suffolk County was sentenced for 6 months or until he pays back child support currently accruing at some \$36,000/mo. for 4 healthy children.

Perhaps you heard/saw Channel 12 on Tuesday, June 2, 2012: **“KINGS PARK COUPLE RESCUED FROM SINKING BOAT.”** Well, this was the same man (David Grossman, Esq.), who would not pay child support for his invalid child, while he enjoyed multiple vacations, motorcycles, boats, cars, spent and borrowed \$20 million and testified in Court before Judges Jerry Garguilo and Marion McNulty and others that he could not support his \$3,000/mo. obligation (Index No. 27755/03, Jan. 17, 2013 Decision).

Over the past 5 years, ALR has provided support to Maria Composto-Longhi (First ex-wife) (See www.americans4legalreform.com: Maria's Story) and her disabled children in a divorced child support case in Suffolk County, NY, in which a lawyer/ex-husband with a substantial law practice and his lawyer, James O'Rourke, have been able to manipulate the courts to delay, postpone and avoid the payment of child support ordered. **There was an estimated:**
